Celebration of Life: Daniel Bristot de Oliveira

Thursday 19 September 2024 18:30 (45 minutes)

I would like to propose a BoF in honor of Daniel Bristot de Oliveira. I'd like it to be held on Thursday night after the last session, so that all can attend. I may even look to see if it is possible to serve refreshments (beer and wine), that would be paid for by those willing to donate. People would be able to come up and give stories about their memories of Daniel. The purpose of this BoF is to celebrate Daniel's accomplishments and how he has left a lasting positive impression on our community.
