

Linux Plumbers Conference 2024

Contribution ID: 375

Type: **not specified**

Report from the Complex Cameras Summit

Thursday 19 September 2024 15:00 (30 minutes)

The Complex Camera Summit will be held just before Plumbers. For a whole day Vendors, Distros and Kernel Maintainers will have discuss the future of Complex Cameras in Linux, covering kernel APIs and userspace camera stacks.

During this presentation we will report the conclusions of that meeting to the rest of the community, gather feedback and discuss open questions.
